

Mission Statement for the 183d

The 183d Fighter Wing provides fully trained and equipped forces to support contingency operations directed by both the Air National Guard and the Governor of Illinois. Wing personnel train for a wide range of potential scenarios, which extend from combat operations to humanitarian efforts after natural and man-made disasters. Wing personnel are skilled in a variety of military specialties with emphasis in theater command and control, mission support, medical, communication systems engineering and installation, and aircraft engine maintenance.
